MassDOT filed an SCR Notice of Project Change (NPC) on March 15, 2017 to adopt a phased approach to provide early service, years before revenue service is currently considered to be possible. Phase 1 will provide service from New Bedford, Fall River and Taunton to Boston by building the Southern Triangle, and using the Middleborough Secondary line and the existing Middleborough/Lakeville Commuter Rail line. For Phase 2, MassDOT will continue to advance the full Stoughton Electric Alternative design.

Please read more about the project, download the NPC and learn how to comment on the project website: www.mass.gov/southcoastrail

The NPC can also be found:

- In 36 South Coast public libraries, including all station communities (full list is available on the project website)
- On DVD by request to Jean Fox by email (jean.fox@state.ma.us) or phone (857-368-8853)

Written comments must be submitted by **April 21, 2017** to the Massachusetts Environmental Policy Act (MEPA) Office. Please contact the project team with any questions at SouthCoastRail@dot.state.ma.us.
