

COMMONWEALTH OF MASSACHUSETTS MASSACHUSETTS DEPARTMENT OF TRANSPORTATION HIGHWAY DIVISION STANDARD OPERATING PROCEDURES			S.O.P. NO. ENV-01-22-1-000 Page 1 of 1
SUBJECT: Vehicle Washing at MassDOT Highway Facilities			DISTRIBUTION: A
EFFECTIVE: 11/23/10	ISSUED: 11/23/10	SUPERSEDES: ENV-01-22-1-000, Dated 8/13/08	AUTHORIZED: Signature on original

PURPOSE

To ensure the proper method of washing vehicles and equipment at MassDOT Highway Facilities that is consistent with environmental regulations (reference 314 CMR 1-15, 40 CFR 122).

RESPONSIBILITY

It is the responsibility of the District Maintenance Engineer (DME) to ensure that vehicles and/or equipment are washed in accordance with the following procedures.

POLICY

Facility personnel will only cold rinse vehicles and/or equipment outside. **ABSOLUTELY NO SOAP OR POWERWASHING CAN BE USED OUTSIDE!**

Only sites with recycling washing units, sewer connections or holding tanks may be used to wash vehicles indoors.

If you are not sure of the facilities designation for vehicle washing, contact your District Maintenance Engineer or Environmental Management System Compliance Coordinator.
