

The Massachusetts Department of Transportation

Invites you to a

Public Information Meeting

for the

Craigie Drawbridge Rehabilitation Project (Between Land Blvd. in Cambridge and Leverett Circle in Boston)

Thursday, October 7, 2010

6:30 – 8:30 PM

The Museum of Science- Cahners Theater
1 Science Park, Boston, MA

The purpose of this meeting is to provide an overview of the construction plans and traffic impacts for the replacement of the Craigie Drawbridge, which carries McGrath O'Brien Highway (Route 28) between Land Blvd. in Cambridge and Leverett Circle in Boston. Following the presentation, MassDOT staff will lead a discussion to answer questions.

The Craigie Drawbridge Rehabilitation Project is part of the \$3 billion Patrick - Murray Accelerated Bridge Program, which aims to restore and repair structurally deficient bridges across the Commonwealth of Massachusetts. This project includes the complete replacement of the bridge superstructure and bridge deck as well as the machinery and electrical components. During construction temporary bridge structures will be utilized to carry traffic. Work is expected to begin in early November 2010.

To be added to the project email or US Mail distribution lists, please contact Stephanie Boundy, Public Outreach Coordinator for MassDOT's Accelerated Bridge Program, at 617-973-8049 or Stephanie.Boundy@state.ma.us. The Cahners Theater at the Museum of Science is accessible. To request language or access accommodations, please contact Stephanie Boundy at the above email address or phone number.
