

Public Outreach
Part V

PUBLIC PARTICIPATION PROCESS

Federal Legislation emphasizes the need to provide citizens with an opportunity to comment on proposed regional and State TIPs. The Commonwealth's STIP process is an adjunct to the regions' specific outreach processes, but also follows the Commonwealth's commitment to transparency and civic engagement in government.

MassDOT encourages its constituents to stay informed on all its activities, including but not limited to the State TIP, through the use of various social media tools including Twitter (www.twitter.com/massdot); YouTube ([www.youtube.com/movemass.com](http://www.youtube.com/movemass)); the Commonwealth's transportation blog (www.transportation.blog.state.ma.us); Flickr (www.flickr.com/photos); and RSS feeds.

Since the STIP is a compilation of all projects - both state and regional - the public outreach program in each region includes the STIP by reference. The Commonwealth requests that all RPAs and RTAs place the notice of the STIP's availability on their respective web sites, newsletters, and other public communications. Additionally, the Commonwealth places notice of the availability of the draft State TIP in local papers.

In many instances the draft STIP's 30-day comment period will coincide or overlap individual regions' 30-day public comment period. These agencies make the draft project listings in the STIP available for public comment and review during their regular business hours. They also use this time to ensure that the listings encompass all the projects found in their own regional TIPs, which have undergone their own public review as required by federal statute. If discrepancies exist between the two documents, the MPO, the state, and other affected parties work together to guarantee consistency. For the 2012-2015 STIP, the formal public comment period began on August 30 2011 and ended on September 29, 2011. The only comment received was from MassDOT/Highway Division 2.

Legal notices, announcing the availability of the document on the Commonwealth's web site, were faxed to the following newspapers: *Cape Cod Times*, the *Martha's Vineyard Times*, the *Nantucket Inquirer and Mirror*, the *Fitchburg Sentinel and Enterprise*, the *Worcester Telegram and Gazette*, the *Lowell Sun*, the *Lawrence Eagle-Tribune*, the *Brockton Enterprise*, the *New Bedford Standard Times*, the *Boston Globe*, the *Berkshire Eagle*, the *Greenfield Recorder*, and the *Springfield Republican*.

Selected source samples of the STIP's outreach found herein include a copy of the web page for the Massachusetts Department of Transportation; the web pages from the Montachusett and Pioneer Valley regional planning agencies; the web pages from the Nantucket and Worcester regional transit authorities; legal advertisements in the *Lowell Sun* and *The Sentinel & Enterprise*; and the twice-monthly *Monitor* of the Massachusetts Environmental Policy Act Office.

Welcome to the MRPC.

The Montachusett Regional Planning Commission is in its fourth decade of providing technical planning assistance to its 22 member communities. Located in north central Massachusetts, the MRPC was formed in 1968 under the State Enabling Legislation, Massachusetts General Law Chapter 40B and is one of thirteen agencies across the Commonwealth. The MRPC is not a federal, state, or county agency but rather, it is a regional advisory board consisting of representatives from each member community. Our purpose is to carry out comprehensive regional planning in the Montachusett region, an area of approximately 685 square miles that is home to some 228,000 individuals (2000 Census).

MRPC is available to provide a wide variety of services to its member communities including economic development studies and initiatives, drafting of applications for state funding on behalf of a community, administering grants, traffic studies, zoning and subdivision updates, assistance with town master plans and open space plans, mapping assistance through our Geographic Information System (GIS) and many other services.
